

We've Got The Whole World in Our Hands

- NEW LYRICS © 1996 D.A. MARMALUK-HAJIOANNOU

To love and care for the earth means that we will be able to enjoy it for generations. This song is about making peaceful and "earth friendly" choices now to insure a brighter future for all humankind in the years to come.

We've got the whole world, in our hands

We've got the whole world, in our hands

We've got the whole world in our hands

We've got the whole world in our hands

We should recycle now - all that we can

Reduce, Reuse, Recycle - all that we can

We should recycle now - all that we can

We've got the whole world in our hands

Be kind to the plants and animals - of our land

Be kind to the plants and animals - of our land

Be kind to the plants and animals - of our land

We've got the whole world in our hands

Join hands with sisters and brothers - throughout the land

Join hands with sisters and brothers - throughout the land

Join hands with sisters and brothers - throughout the land

We've got the whole world in our hands

Dream your bright dream - then do all that you can

Dream your bright dream - then do all that you can

Dream your bright dream - then do all that you can

We've got the whole world in our hands

We've got the whole world, in our hands

We've got the whole world, in our hands

We've got the whole world, in our hands

We've got the whole world in our hands

we've got the whole world in our hands
