

We Are the Rainbow People

- TRADITIONAL- NATIVE NORTH AMERICAN

My daughter learned this during a visit to a Quaker School and loved it. The teacher thought it came from a Native American tradition but didn't know the origin. I love the song and would like to hear from anyone who knows more about its meaning.

We are the Rainbow People
We are beams of Golden Light
We are the bridge to the...
Dawning of the new day

we are the rainbow people
